To Whom It May Concern,

RE: Ski-Leading Tours

We took 60 of our Dealers and Franchisees on an Incentive trip to Livigno, Italy for 9 days on the 21 March 2010. This trip was organised by Ski-Leading tours.

Their organisation and group planning were both exceptional. They made sure that everything went to plan. They had a team of experts available to make sure all of our guests had a truly once in a lifetime experience

This is the second trip we have booked with them; I would recommend them to any company with the greatest of confidence.

Yours sincerely
