RE: SKI LEADING TOURS OF THE WORLD

As part of our incentives for the 2010 year – we took 28 people of our Company on a skiing trip to Austria.

We booked the trip through Ski Leading Tours of The World and were treated very professionally from beginning to end. In Austria, we were joined by 2 of their young employees. These 2 guys fitted in perfectly with our group and nothing was too much trouble for them. They paid attention to everyone in the group and went out of their way to make all feel welcome and make their trip special and enjoyable for them.

We will definitely make use of Ski Leading Tours of the World again (in fact, we are planning our next trip) and can definitely recommend them!!!

Kind regards
